## Vision and Goals

### **Chappaqua Central School District 2017-2018 Teaching and Learning Vision and Goals**

**From Best Practice to Next Practice <sup>1</sup>  
Let's Work Together**

#### **Board of Education Strategic Question**

*How can the District ensure that all students think deeply, support their thinking, apply problem-solving skills, and actively participate in their learning as they acquire content knowledge?*

#### **VISION: Active student learning**

We want students engaged in experiences that involve meaningful inquiry, action, imagination, invention, interaction, hypothesizing, and personal reflection. <sup>2</sup>

*How do we create learning environments in which learners are solving relevant, complex problems both individually and collaboratively by using varied approaches, are providing accurate feedback to each other, and are setting their own learning goals?*

#### **VISION: Strong student collaboration**

We want students to work cooperatively toward a common goal, exchange ideas, and rely on one another to create a product or arrive at a solution that could not be achieved by an individual.

*How do we create learning environments that ensure students learn meaningful collaboration skills, and have frequent, on-going, and varied opportunities to use those skills?*

### TRAIL MAP & AGENDA

**Description:** Bring this school-year adventure to a close by attending our HUDSON VALLEY BASECAMP to recharge, share stories of your learning, learn from and connect with others and plan your next expedition!

Find the inspiration for your next expedition by mixing with many of the regions most innovative and energetic professionals. Our high-energy, "Choose Your Own Adventure" un-conference menu will engage teachers and leaders in a wide variety of offerings for all levels and all subjects. All participants will be teachers, leaders, learners, and facilitators. The agenda will be built by you, for you, and will expand in real-time as the conference participant list grows. Sessions will range from the traditional planned and facilitated symposiums, to the impromptu Crash Camp discussion sessions, Appy-Hour, App-Smashes, and more.
