# What are the implications for Teaching and Learning?

- ▶ Project Based Learning
- ▶ 21<sup>st</sup> Century skills

# What is PBL?

In Project Based Learning (PBL), students go through an extended process of inquiry in response to a complex question, problem, or challenge. While allowing for some degree of student "voice and choice," rigorous projects are carefully planned, managed, and assessed to help students learn key academic content, practice 21st Century Skills (such as collaboration, communication & critical thinking), and create high-quality, authentic products & presentations.

# What is next?

- ▶ Begin using space
- ▶ Regular reflection
- ▶ Feedback from colleagues
- ▶ Feedback from students
- ▶ Analyze student work
- ▶ Gather data
